Transportation and Waivers

- Bus will pick up and drop off at your school 30 mins prior to your program start time Days 1-3 and leave TISC at the end of program, we can accommodate for early dismissal with advanced notice.
- *ALL Participants must complete and SIGN our Medical Waiver and program pre and post surveys. Forms will be sent after the holiday breaks.*
- Chaperones are not guaranteed a spot on the sailboats, but are extremely helpful in the classroom and for pictures.

Program Description

During 3 separate days at TISC, students will learn about:

- SF Bay Ecology and local watershed
- Water quality monitoring and data collection
- Marine Debris and Environmental Stewardship

During 2 separate days in your classroom our STEM educator will work with the students to:

- Analyze the data collected at TISC and drawing conclusions
- Be introduced to the concepts of Climate Change locally and globally
- Research solutions to the problem of Marine Debris by creating a public awareness campaign

Program Weeks

Please give us two options of weeks that will work best for your class. We can only accommodate 32 students at a time.
